

# JUNIOR SOFTWARE ENGINEER C#, .NET (M/F)

📍 VIENNA, Austria 🕒 FULL-TIME EMPLOYMENT 🏠 PERMANENT POSITION

```
try {  
    JustDoYourJob(boring: true);  
} catch (Don'tWantAnymoreException) {  
    (new Employer("Tricentis")).Apply(DateTime.Now);  
}
```

You are eager to generate and write great code? As a Junior Software Engineer at Tricentis, you will work with your team on the development of C#/.NET projects and applications with the highest quality and commitment.

## YOUR TASKS

- As a team member in one of our agile teams, you actively execute the development of our product
- Work on all parts of the software development process: requirement analysis, implementation, tests, etc.
- Constant development of our product vision and customer specifications
- Continuous learning and contribution to the improvements of Tricentis' way of working

## OUR REQUIREMENTS

- Technical Education (e.g., HTL, university degree, etc.)
- First professional experience in Software Development is a plus
- Passion about object-oriented programming (C# or Java, SQL or XML)
- Reliability and strong quality awareness
- Team-player motivated by achieving innovative results and a high solution orientation
- You identify with this statement: „Anyone who has never made a mistake has never tried anything new.“(A. Einstein)

## WE OFFER

- Working with the industry's #1 Continuous Testing Platform
- Joining a state-of-the-art Software Development Team
- Global workforce and English as a corporate language
- Flexible working hours (no core time)
- Attractive salary plus bonus
- Job ticket for free public transportation
- Modern office close to the subway (Table Soccer, Darts, ... )
- Numerous events for employees (GIG - Tricentis annual Hackathon, Bug Festival, Magic the Gathering Afternoon, Pizza Friday, ...)

## ABOUT TRICENTIS

Launched in 2007, Tricentis has gained recognition worldwide as a cutting edge continuous testing company. Our software testing tool, Tricentis Tosca, is revolutionizing test automation, making automation easy even for those who have limited to no programming experience.

With our headquarter in Vienna, Austria, we have achieved a global growth with offices in Germany, Switzerland, the UK, the Netherlands, Poland, Belgium, Denmark, India, the US, Australia and Singapore.

Due to our continuous growth we are constantly looking for passionate talents and “outside the box”-thinker who want to become part of a global, dynamic, exciting and diverse workplace where you can develop yourself, grow and create your own future.

You are welcome to become part of a fabulous and outstanding workplace. Be an achiever, be focused and goal-oriented, be creative and flexible - be YOURSELF.

Eager to work in a fast-growing, innovative and highly motivated company where your single contribution counts to the company's success? According to your experience the annual package will be between € 37.000,00 and € 43.000,00. Go ahead and apply: <http://smrtr.io/3hKWw>
